BLU STUDIO C 5+5 LTE - Quick Start Guide

QS50Ver08JUL16

Setting Up Your New Smartphone (Page 1 of 2)

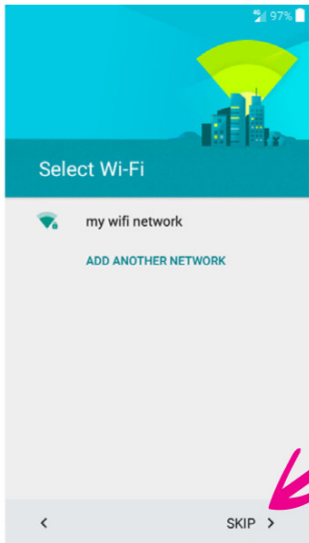

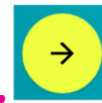

To get started with your smartphone, follow these steps:

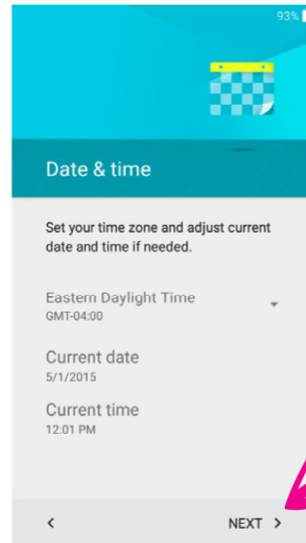

1 To turn the phone on press and hold the power button on the right hand side of the phone, underneath the volume buttons.

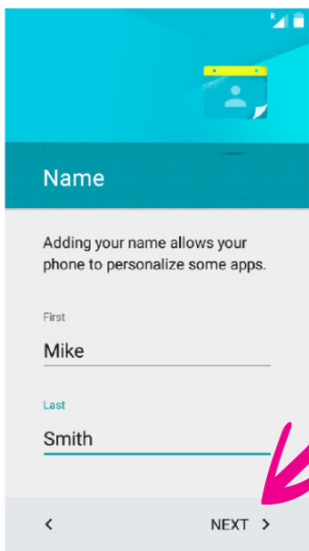

2 First, select your language from the dropdown box, then tap the arrow icon.

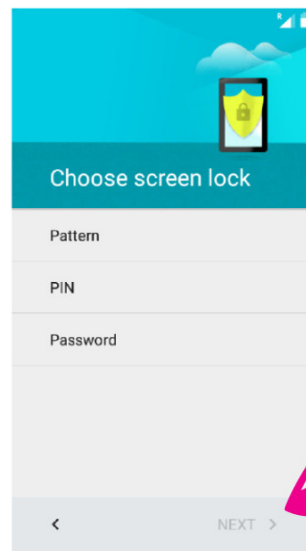

3 Set up a wifi connection.
(or skip this step and set up later if wifi isn't available).

4 Now set up the date and time and tap "NEXT".

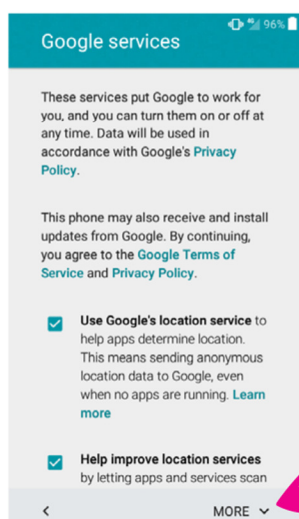

5 Now fill in who the phone belongs to and tap "NEXT".

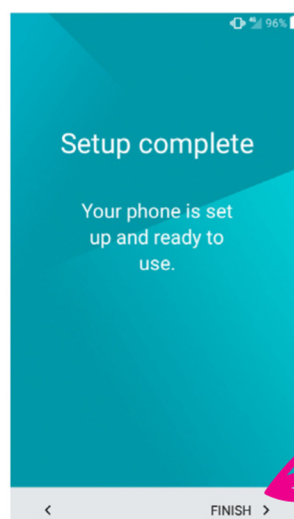

6 Now you can secure your phone by tapping either "Pattern, PIN or Password". If you do not wish to secure your phone at this stage you can also "SKIP" this step. When finished tap "NEXT".

Setting Up Your New Smartphone (Page 2 of 2)

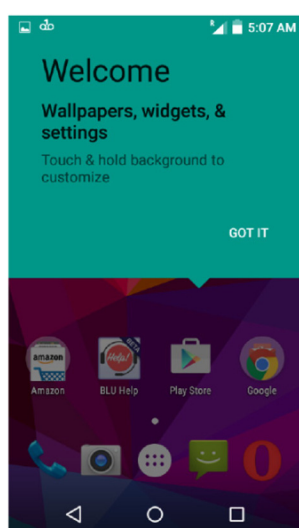

To get started with your smartphone, continue with these steps:

7 Read through the privacy statement, then tap **"MORE"** to scroll to the bottom, then tap **"Accept and continue"** (or amend privacy settings first if desired).

8 Your phone is now set up and ready to use. Tap **"FINISH"** to start using your phone.

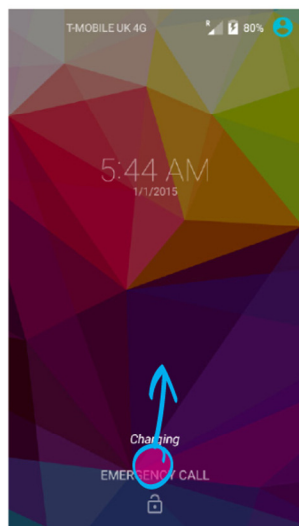

9 Your phone will now offer a handy tip as to how you customize wallpapers, widgets & settings.

Adding Contacts To Your Smartphone (1 of 2)

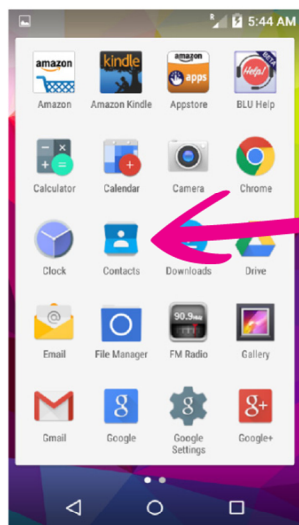

With the device locked and the screen off, follow these steps:

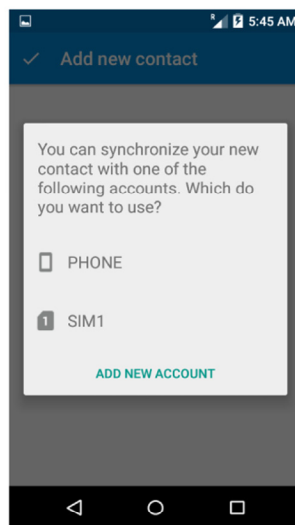

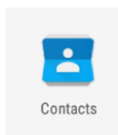

1 Press the power button on the right hand side of the handset. The screen will turn on. Then to unlock your phone swipe the screen to the top.

2 Tap the menu icon in the bottom of the screen.

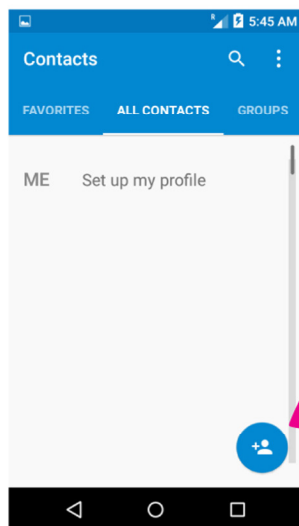

3 Then tap the "Contacts" icon.

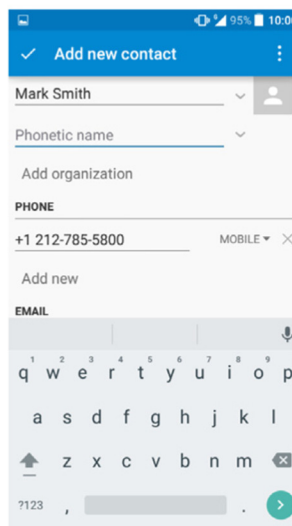

4 You will now be asked whether you wish to synchronize (or save) your contact on either your SIM card or on your phone.

Adding Contacts To Your Smartphone (2 of 2)

With the device locked and the screen off, follow these steps:

5 Then tap the add "**contact icon**" in the bottom right hand of the screen.

6 Fill in all of the contact details and when finished tap the tick in the top left hand corner of the screen.

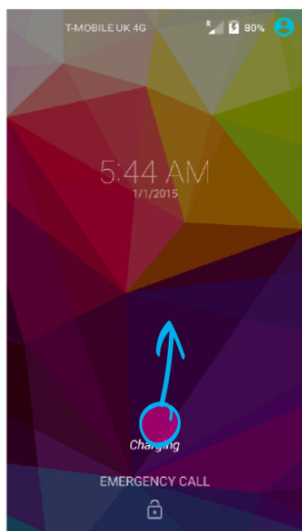

Remember to include the international dialing code (including "+" sign and country code) to your contacts before saving. Press and hold the zero key to get the "+" symbol.

Making a Call On Your Smartphone

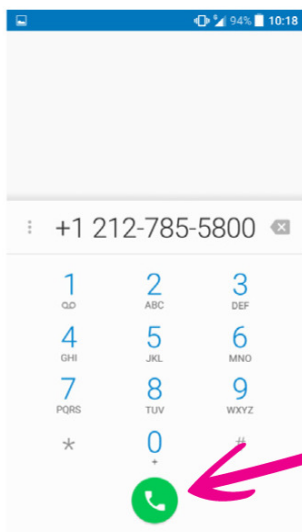

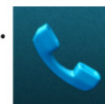

Follow these steps to make a phone call:

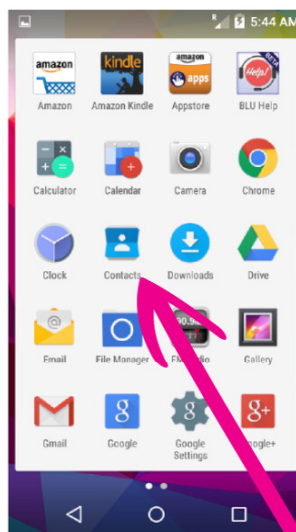

1 Unlock your phone by swiping the screen to the top.

2 Tap the telephone icon in the bottom left of the screen.

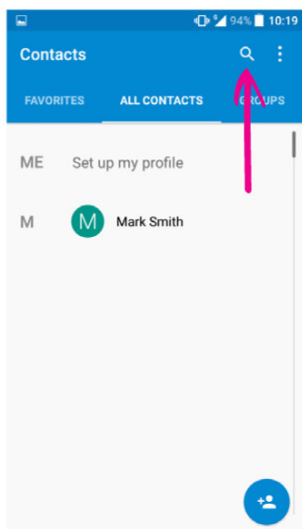

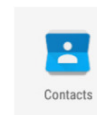

3 The number pad will then appear. Input the phone number you wish to dial and then tap the telephone icon to make the call. (Press and hold the zero key to get the "+" sign)

4 Alternatively, if you have already saved your contact phone numbers, you can search for a contact name. To do this, first of all tap the menu icon on the home screen.

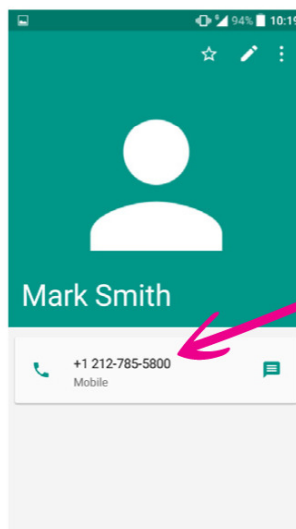

and then the contacts icon from the next screen.

5 Then tap the search icon in the top right corner of the screen.

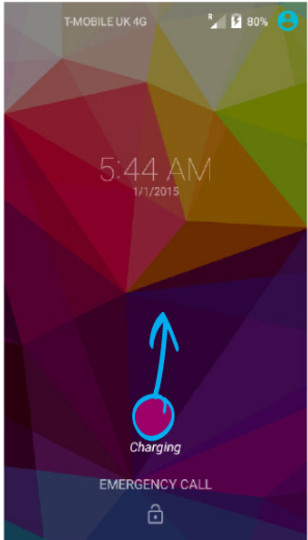

Then a search bar will appear at the top, type here the contact you wish to call.

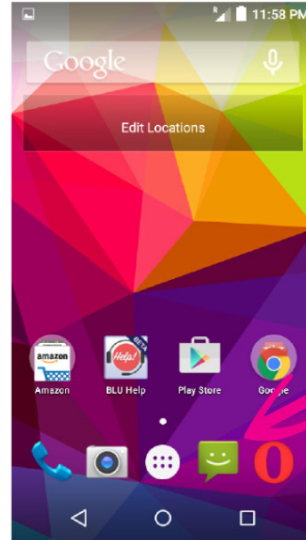

6 Now tap the telephone number displayed on the screen to make the phone call.

Sending A Text On Your Smartphone

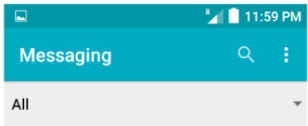

Follow these steps to send a text message:

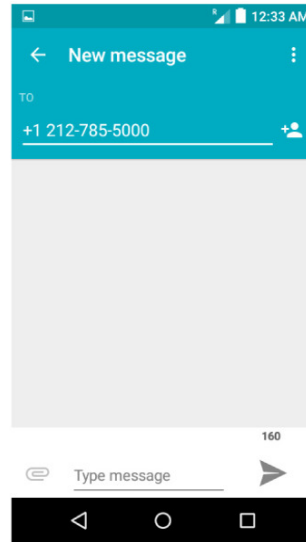

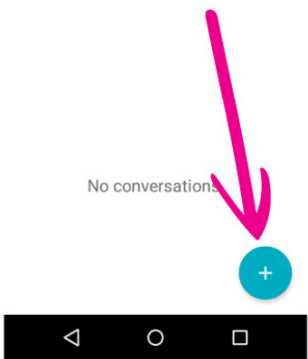

1 Unlock your phone by swiping the screen to the top.

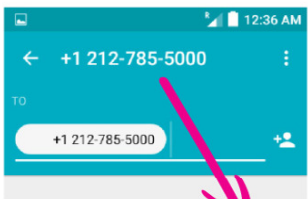

2 Tap the messaging icon in the bottom of the screen.

3 Tap the new message icon in the bottom right hand corner of the screen.

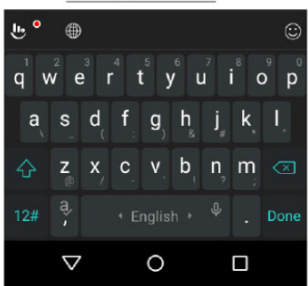

4 Type in the phone number or the name of the person you are sending the message to (remember to enter your phone number in full international format, for example to send a message to Mobal, type +12127855000).

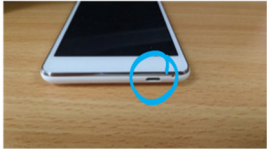

5 Then type out your message below.

When you have completed your message tap the send message icon to send the message.

Charging Your New Smartphone

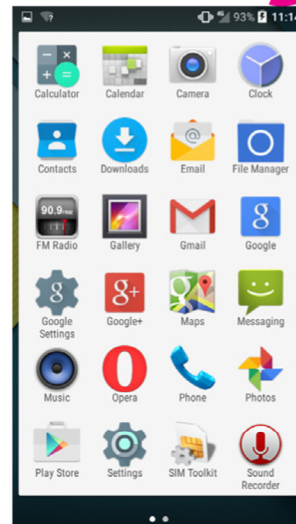

How to charge your handset:

1 The charging port is located at the bottom edge of the phone.

Connect your charger to the wall outlet and then connect your charger to the charging port at the bottom of your phone.

2 To check your phone is charging, you should see this symbol in the top right hand corner.

The first time you charge your phone it is advised that you charge it until the battery icon is full. This can take several hours.
