Setting Up Your New Smartphone

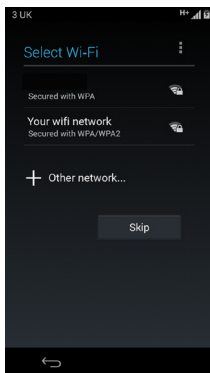

To get started with your smartphone, follow these steps:

1 First, to turn the phone on press and hold down the power button located in the top right hand side of the phone.

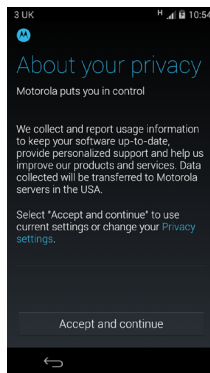

2 Then select your language from the dropdown box, then tap **"Start"**.

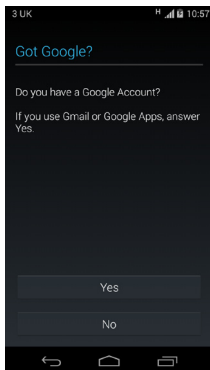

3 Set up a wifi connection

(or skip this step and set up later if wifi isn't available).

4 Read through the privacy statement, then tap **"Accept and continue"**

(or amend privacy settings first if desired).

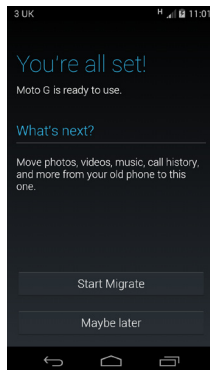

5 Now you can add or create a Google account

Or

you can skip this step by tapping **"Skip"**

(A Google account isn't essential to operate your phone).

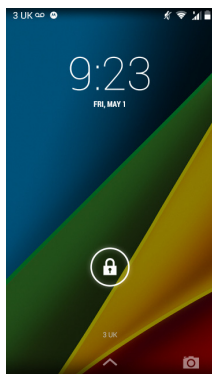

6 Your phone is now set up and ready to use.

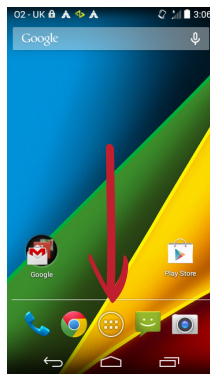

(If you have any media you wish to transfer from an older phone, tap migrate and follow the instructions).

Adding Contacts To Your Smartphone

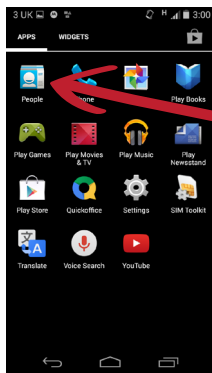

With the device locked and the screen off, follow these steps:

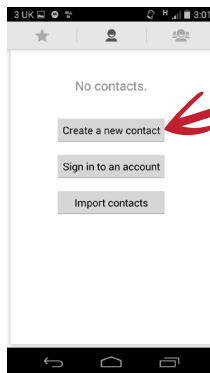

1 Press the power button located on the top of the right edge of your phone. Unlock your phone by dragging the padlock symbol to the edge of the circle.

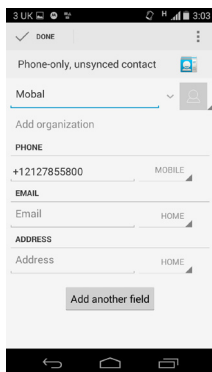

2 Tap the apps icon in the center of the bottom section of the screen.

3 Swipe the screen to the left or right and then click the **"People"** icon.

4 Then click **"Create a new contact"**.

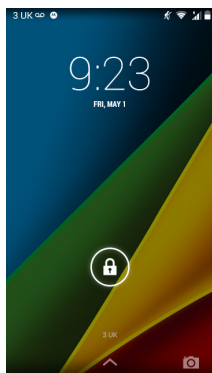

5 Now fill in your information and tap **"Done"** in the top left of the screen. Remember to enter your phone numbers in full international format (for example, to enter Mobal's support number, enter +1 212 785 5800)

Repeat these steps as many times as you wish.

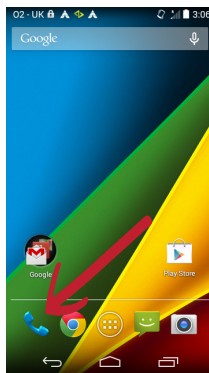

Making a Call On Your Smartphone

Follow these steps to make a phone call:

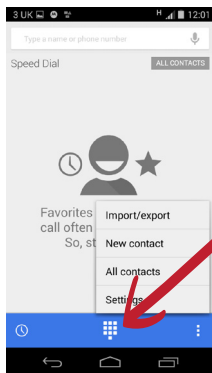

1 Unlock your phone

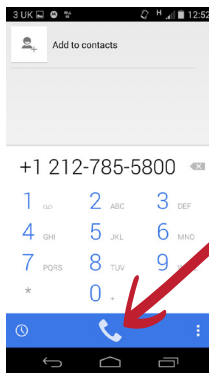

(See step 1 from previous page).

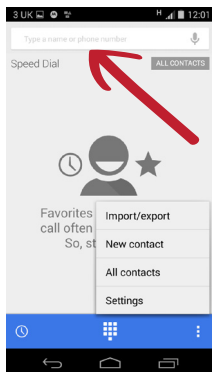

2 Tap the telephone icon in the bottom left of the screen.

3 Then on the next screen tap the keypad icon.

4 A number pad will then appear, input the phone number (press and hold the zero key to get the "+" sign) and tap the telephone icon to make the call.

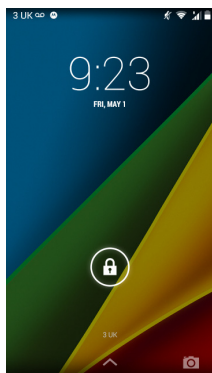

5 Alternatively, if you have already saved your contact phone numbers, you can search for a contact name. Type the name of the person you wish to call into the search box at the top of the screen. Tap the name and then press the telephone symbol to call them.

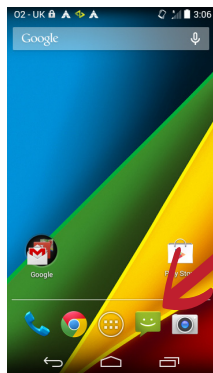

Sending a Text Message On Your Smartphone

Follow these steps to send a text message:

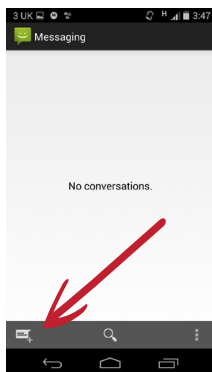

1 Unlock your phone.

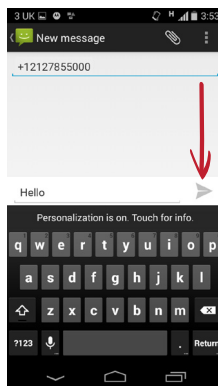

(See earlier page for unlocking instructions).

2 Tap the message icon in the bottom right of the screen.

3 Tap the new message icon in the bottom left of the screen.

4 Type in the phone number or the name of the person you are sending the message to (remember to enter your phone number in full international format, for example to send a message to Mobal, type +12127855000).

Then type out your message below, when done, tap the paper plane icon to send the message.

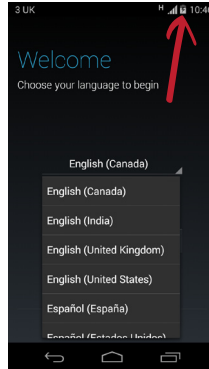

Charging Your New Smartphone

How to charge your handset:

1 The charging port is located at the bottom edge of the phone.

Connect your charger to the wall outlet and then connect your charger to the charging port at the bottom of your phone.

2 To check your phone is charging, you should see this symbol in the top right hand corner.

The first time you charge your phone it is advised that you charge it until the battery icon is full. This can take several hours.
