Charging Your New Smartphone

How to charge your handset:

The charging port is located at the top edge of the phone

Connect your charger to the wall outlet and then connect your charger to the charging port at the top of your phone. (Your phone may be a different color to the model shown).

2 To check your phone is charging, you should see this symbol in the top right hand corner

۶

The first time you charge your phone it is advised that you charge it until the battery icon is full. This can take several hours
